"You say 'ramble through.' Do you for a moment think that I entered that old house?"

"Miss Tuttle," was the grave, almost sad, reply, "did you not know that is some earth, dropped from a flowerpot overturned at the time when a hundred guests flew in terror from this house, there is to be seen the mark of a footstep—a footstep which you are at liberty to measure with your own?"

"Ah!" she murmured, her hands going up to her face.

But in another moment she had dropped them and looked directly at the coroner.

"I walked there—I never said that I did not walk there—when I went later to see my sister and in sight of a number of detectives passed straight through the halls and into the library."

"And that this footstep," inexorably proceeded the coroner, "is not in a line with the maffa thoroughfare extending from the front to the back of the house, but turned inward toward the wall, as if she who made it had stopped to lean her head against the partition?"

Miss Tuttle's head drooped.

"If I went into the house," she said, "it was not to enter that room. I had too great a dread of it. If I rested my head against the wall it was in terror of that shot. It came so suddenly and

was so dreadful, so much more frightful than anything you can conceive."

"Then you did enter the house?"

"I did."

"And it was while you were inside, instead of outside, that you heard the shot?"

"I must admit that too. I was at the library door."

"You acknowledge that?"

"I do."

"But you did not enter the library?"

"No, not then; not till I was taken back by the officer who told me of my sister's death."

"We are glad to hear this precise statement from you. It encourages me to ask again the nature of the freak which took you into this house. You say that it was not from any dread on your sister's account. What, then, was it? No evasive answer will satisfy us, Miss Tuttle."

"I cannot answer," she said.

"We will not oblige you to," said the coroner.

"However," he now went on with suddenly assumed severity, "you may answer this: Was the house dark or light when you entered it? And how did you get in?"

"The house was dark, and I got in through the front door, which I found ajar."

"I am more courageous than most women! I fear there are few of your sex who could be induced to enter it in broad daylight and under every suitable protection."

She raised her figure proudly.

"Miss Tuttle, you have heard Chloe say that you were in the kitchen of Mr. Jeffrey's house when the grocer boy delivered the candles which had been left by your brother-in-law on the counter of the store where he bought them. Is this true?"

"Yes, sir, it is true."

"Did you see those candles?"

"No, sir."

"You did not see them?"

"No, sir."

"Yet you went over to the table?"

"Yes, sir, but I did not meddle with the packages. I had really no business with them."

The coroner, surveying her sadly, went quickly on, as if anxious to terminate this painful examination.

Miss Tuttle sees the pistol

"You have not told us what you did when you heard that pistol shot."

"I ran away as soon as I could move; I ran madly from the house."

"Where?"

"Home."

"But it was half past 10 when you got home?"

"Was it?"

"It was half past 10 when the man came to tell you of your sister's death."

"It may have been."

"Your sister is supposed to have died in a few minutes. Where were you in the interim?"

"God knows, I do not."

Watchman Probably Cremated.

New York, Nov. 19.—Twenty-one persons were rescued from the big freight steamer Mohawk of the Central Vermont railroad's fleet, which burned to the water's edge off Horton's Point in Long Island sound. The watchman, a Swede named Larson, is believed to have been burned to death.

The charred hull of the Mohawk now lies on the inlet bar west of Peconic and the vessel and cargo are a total loss.

GIFT OF EMPEROR

The Kaiser's Compliment to America Accepted in a Proper Spirit.

A NOTABLE CEREMONY

President Roosevelt Makes a Formal Address at Unveiling of Statue of Frederick the Great.

German Ambassador Presents the Gift Which Occupies Prominent Position in Washington.

Washington, Nov. 19.—The statue of Frederick the Great, the personal gift of Emperor William of Germany to the United States, was today unveiled from the pedestal prepared for it on the esplanade of the army war college at Washington. The ceremony of unveiling was a very pretty one.

About six years ago one of Germany's foremost sculptors, Professor Uphues, made a marble statue of

Frederick the Great, which was erected in the Avenue of Victories in Potsdam. Emperor William's present to the United States is a bronze replica of this marble statue. It is of heroic size, being seven feet in height.

At the unveiling ceremony Bishop Henry Y. Satterlee of Washington offered prayer, and this was followed by an address in presentation of the gift by the German ambassador, Baron von

Uphues.

"We find," said the solemn foreman, "that Veronica Moore Jeffrey, who on the night of May 11 was discovered lying dead on the floor of her own occupied house in Waverly avenue, came to her death by means of a bullet, shot from a pistol connected to her wrist by a length of white satin ribbon."

"That the first conclusion of suicide is not fully sustained by the facts."

"And that attempt should be made to identify the hand that fired this pistol."

It was as near an accusation of Miss Tuttle as was possible without mentioning her name. A groan passed through the assemblage, and Mr. Jeffrey, bounding to his feet, showed an inclination to shout aloud in his violent indignation, but Miss Tuttle, turning toward him, lifted her hand with a commanding gesture and held it so till he sat down again.

It was both a majestic and an utterly incomprehensible movement on her part, giving to the close of these remarkable proceedings a dramatic climax which set all hearts beating and, I am bound to say, all tongues wagging till the room cleared.

FOUR WERE KILLED
And a Score Injured in Chicago Gas Works Explosion.

Chicago, Nov. 19.—Four persons were killed and a score of other persons were injured by a series of gas explosions that completely destroyed the plant of the Pyle Electric Headlight company in South Chicago. The shocks of the explosions were so severe that all the buildings near the demolished plant were badly damaged and windows were shattered for blocks and persons walking in the streets were thrown from their feet at a great distance. Over-pressure on tanks containing gas is believed to have caused the accident.

The dead: Ralph Wells, superintendent for the Pyle National Electric Headlight company; Amos Watkins, assistant superintendent for same company; George Muehl, draftsman employed by the People's Gas Light and Coke company; Thos. Jennings, employed by the Pyle National Electric Headlight company. All of the dead were buried under tons of burning timber and hot brick and iron, making it impossible to remove their bodies for hours after the accident occurred. Firemen poured water on the portion of the building in which the dead were thought to be buried until the flames were subdued sufficiently to permit of the four dead bodies being removed from the debris.

Famous Divorce Case Settled.

New York, Nov. 19.—Mrs. Clemence Dodge Morse is the lawful wife of Charles W. Morse, the banker and former president of the American Ice company, according to a decision handed down by the appellate division of the supreme court. The decision affirms the action of the lower court in the case of Clemence Dodge against Charles F. Dodge, in which she sought to have the previous order setting aside the decree of divorce from Morse vacated.

Serious Native Uprising.

Cape Town, Nov. 19.—A dispatch from Uptown, on the Orange river, says that two women who have arrived there give details of a Hottentot rising in German territory. Their husbands and a number of other Dutch farmers were brutally murdered, 23 women and children escaped and reached Reinfenstein in destitute circumstances.

American Countess Wants Divorce.

Paris, Nov. 19.—The first tribunal of the Seine is hearing the sensational divorce proceedings of Countess Tzaykowsky, the American wife of Count Tzaykowsky, who is secretary of the Turkish legation at The Hague. An animated controversy is progressing relative to the control of the children.

Fatal Hunting Accident.

Beaumont, Tex., Nov. 19.—H. D. Kilgore, traveling passenger agent of the Vandalia lines, with headquarters at San Antonio, is dead at the McLean farm near Eagle Lake as the result of wounds received while duck hunting.

HEALTH is the Most Important

In buying food-articles, you must consider several things: Economy, Results, Easy Handling, Reliability; but the most important is Health.

Health means everything. In clothes, furniture, etc., if the buyer gets a poor or imitation article, the only harm is loss of money. In buying food-articles, if imitations are supplied, there is a loss of money, and probably an injury to health—which is beyond price.

Remember these facts when buying baking powder.

The Matter of the Translation of the Word "Blame" Holding Up Anglo-Russian Negotiations.

St. Petersburg, Nov. 19.—Lieutenant General Stoessel's report expresses a firm conviction that he will be able to hold out at Port Arthur until the Baltic squadron arrives in March, on the condition that he is supplied with munitions and stores. The government has instructed its agents abroad to supply Lieutenant General Stoessel's requirements at any cost.

London, Nov. 19.—Great Britain has not yet accepted the modifications of the North sea convention proposed by Russia. The draft of the convention, which has now had quite an interesting career, is in London, and proposals and counter proposals on the subject of the wording continue to be exchanged between the British foreign office and the Russian embassy. A satisfactory conclusion of these exchanges is anticipated very shortly, though it probably will be next week before the convention is actually signed. One of the chief difficulties is to find an equivalent in French for the English word "blame" that is regarded as satisfactory to both parties.

Smallpox Leaves Its Mark.

Goshen, Ind., Nov. 19.—The smallpox contagion that is sweeping over northern Indiana counties is leaving its marks in many places. There were fifteen cases at Stroh, a cement town in Lagrange county, and at Nappanee the schools were closed and the principal hotel of the town closed to all visitors.

SO FAR as heard from, David B. Hill has retired. He has not been heard from since Nov. 8, though he did not promise to retire until Jan. 1.

THE first voters this year seem to have been almost unanimous in voting the Republican ticket. Running a party without issues is a discouraging job.

INDIANA UNIVERSITY people are making as much fuss over the resignation of the football coach as they would over their resignation of President Bryan.

BRYAN just can't help giving advice no matter if it be shown that his advice is usually wrong. He is now telling Theodore Roosevelt how to become famous.

THE local poultry dealers have shipped a big lot of dressed turkeys east this week. The demand for Thanksgiving turkeys has been good this year.

THE Republican plurality in West Virginia on the national ticket is 32,215, an increase of 11,000 over the plurality of 1900. West Virginia is not susceptible to favorite sons or granddads.

PRESIDENT ROOSEVELT accompanied by Mrs. Roosevelt will leave Washington on Thanksgiving evening for St. Louis to spend two days at the World's fair. He will make no speeches along the way.

SEYMOUR people should extend a generous welcome to the school teachers of Jackson county next Friday and Saturday. It is such meetings that profit a community. Arrange to attend some of the sessions.

THE contest between the candidates to succeed Senator Fairbanks is getting interesting. The members of the legislature are being importuned daily and some of them are already lining up with their favorites. It will not hurt for them to consult their constituents a little before climbing in anybody's band wagon.

AT last we have a complete roster of the members of the House of Representatives of the fifty-ninth Congress, the body which will come into being on March 4, 1905, at the beginning of President Roosevelt's new term. There will be 251 Republicans and 135 Democrats in it. Every anti-Republican is here classed as a Democrat. The Republicans will thus have a majority of 116. This is a larger majority than the Republicans ever had before.

Switchman Loses a Foot.

At ten o'clock Friday night Fred Moyes, a B. & O. switchman, had his left foot crushed to a jelly under the wheels of freight cars in the B. & O. S. W. yards at Vincennes. The foot will have to be amputated above the ankle.

There was a double header in the yards going west. Moyes' crew did the switching. Two cuts of cars were sent down the track just back of the brewery. Owen Orr, a brakeman on the outgoing train started a friendly scuffle with Moyes when the first cut of cars had passed. The second cut was not noticed and the cars struck Moyes on the shoulder, knocking him down and causing his foot to get under the wheels.—Vincennes Commercial.

Farmers Complain.

Several farmers in town today made complaint of hunters entering their premises without permission. Many farmers do not want quail killed on their farms and therefore do not grant permission to hunters to hunt on their places. But they say that their will is not respected. This has irritated the land owners and they are banding themselves together to see that the law is obeyed. One farmer said today that fifteen in his neighborhood had formed a compact to keep out the hunters who did not carry a written permit.

Big Attraction.

Manager Bartlett after much effort has secured "The Great Lafayette" which will appear here in near future. This is said to be a superior attraction.

NEW CONSUMPTION CURE.

German Doctor Injects Medicines Directly Into the Lungs.

United States Consul General Gunther, at Frankfurt, Germany, has forwarded to the department of commerce and labor an interesting account of a new method of treatment for consumption. He says:

Professor Jacob, first physician of the Hospital Charite of Berlin, lectured a few days ago before the Berlin Society For Internal Medicine on a new mode of treatment of consumption of the lungs originated by him. Professor Jacob started with the presumption that the remedies usually employed do not reach the location of the disease at all, and he therefore conceived the idea of introducing medicaments directly into the lungs. Through numerous experiments on animals he became convinced that such injections are very well borne by them.

The manipulation is very simple and can be undertaken by every physician who is familiar with the use of the throat mirror. After the trachea and larynx have been made insensible by cocaine or anaesthesia a thin rubber tube is introduced into the lungs, and the medicine is injected through it. The whole process lasts hardly ten minutes.

Professor Jacob has found that the most efficient remedy is the well known tuberculin which Professor Koch used thirteen years ago. Next in efficiency is creosote. He succeeded in this way in making the tuberculous bacilli disappear completely in from four to eight weeks. So far he has treated only five patients by his method, though he expects its general adoption. He added that through his new method a safe diagnosis can be made of consumption of the lungs, while this has so far not been possible.

Heretofore tuberculin was injected hypodermically to demonstrate whether a person suffered from tuberculosis. Yet, even if the reaction was positive, nothing was known about the seat of the tuberculosis. Now only his new method of "lung infusion," as he calls it, needs to be employed to determine whether tuberculosis of the lungs exists. It is reported that the lecture was received with great applause.

NOVEL BOOT POLISHER.

Machine Which Should Prove a Boon to the Corrupt.

One complaint about the old fashioned blacking brush for polishing the shoes is that it requires considerable exertion even for the lean man to apply the blacking and bring it to a state of polish, and when the fat man tries

THE MACHINE AT WORK.

it one can hardly blame him for wishing for some easier method of doing the work.

Several schemes have already been introduced for this purpose, and still another one is shown in the accompanying illustration. The principal use for this machine would seem to be in brushing the dust off when the shoes have become coated over a recently applied coat of polish, but it will help materially in applying a new shine. Its method of operation is obvious.

Time Signals by Wireless.

The distribution of time signals throughout the United States by telegraph from the naval observatory at Washington is the means of furnishing the people with correct time and is greatly appreciated. To transmit such signals to ships on the high seas is now deemed possible by means of wireless telegraphy, and the navy department is said by Harper's Weekly to be contemplating such a step, with the first transmitting center to be located at Key West. Exact time at sea is essential to navigation, and every vessel carries a chronometer, keeping Greenwich or Washington time, whose error or rate must be known accurately and allowed for in making the daily computation of the vessel's position. By the proposed plan from each center wireless signals would be sent out at exact noon according to the naval observatory.

New British Battleships.

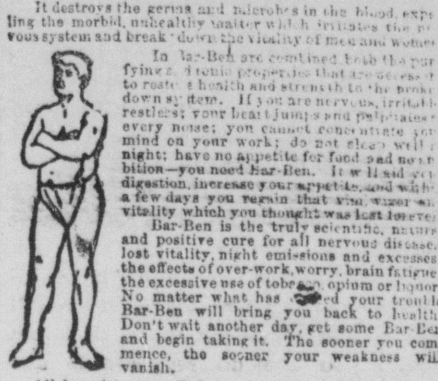

The first of the new type of battleships for the British navy has been launched at Pembroke, says the Scientific American. This warship is a combination of the battleship and cruiser, possessing the most prominent features of each, being larger and more heavily armed than the cruiser of the latest design and resembling the battleship in many respects. The armament is particularly formidable, comprising six 9.2-inch guns, ten 6-inch and twenty-eight smaller quick firing weapons. There are three submerged torpedo tubes. The main armament is carried in a citadel amidships. Under all the 6-inch guns are small auxiliary magazines and shell rooms. The maximum speed is to be 22.33 knots per hour. The battleship cruiser, as it is called, will cost \$5,650,410 to complete.

Displeased With Missouri.

Down in Dunkin county, Missouri, about a hundred Democrats, so disgusted over Missouri going Republican, have formulated a petition to the state legislature praying that the county of Dunkin be ceded to the state of Arkansas. Their political home in Missouri is not to their liking. Their petition reads as follows: TO THE HONORABLE LEGISLATURE OF THE STATE OF MISSOURI:

WHEREAS, the undersigned are citizens of Dunkin county, respectable men of good repute.

AND WHEREAS the said state of Missouri has so far disgraced its self that it was Republican in the last election, so that no respectable and law abiding citizen (as we are), can without shame acknowledge his residence therein.

NOW THEREFORE we would respectfully petition and do hereby petition and pray that you, the Honorable Legislature of the State of Missouri, aforesaid, in regular session convened, will cede and transfer the aforesaid County of Dunkin to the State of Arkansas so that we may again without shame acknowledge the place of our citizenship.

DATED AND SIGNED at Hornersville, Mo., this tenth day of November in the year of our Lord 1904.

Postoffice Receipts.

The report of the Auditor of the Postoffice Department just issued shows the receipts of the various post-offices of the country, from which are taken the following figures:

Seymour	12,656.85
Shelbyville	15,446.64
Columbus	20,098.07
Connersville	21,346.57
Franklin	10,108.09
Greensfield	10,974.98
Lawrenceburg	12,177.69
Madison	8,641.33
Marionville	14,834.82
North Vernon	14,163.25
Rushville	8,559.21

The receipts of the Seymour post-office were larger last year than they ever were before. Everything is run on strict business principles under the efficient management of Postmaster Masters.

First Number.

The first number of this season's lecture course will be next Wednesday evening. Clayton's Jubilee Singers will be here at that time. There is no question about the high character of the entertainment they give. Get season tickets. A good lecture course always helps a community. Help it along.

Ask for Receiver.

The Wagner Plow Company, of Indianapolis, has asked that a receiver be appointed to take charge of the plant. The liabilities are about \$22,000 and it is believed that the company will pull through all right. This plant came near locating in Seymour when it moved from Vernon.

Baptist Church.

Rev. C. D. Harger, of West Bay City, Mich., will preach at the First Baptist church tomorrow at 10:30 a. m. and at 7 p. m. It is urged that there be a large attendance of the church membership. A cordial invitation is extended to the public.

DIED.

JONES—Mrs. Josie Jones died at her home in Washington, Ind., Friday, November 18. She was a sister of Mrs. Anna Eubanks and Kate Martin, of this city. The remains will be brought here on No. 2 Sunday and placed in the vault.

Circuit Court.

The November term of the Jackson Circuit Court will open next Monday, and judging from the length of the docket this ought to be a busy term. Judge Buskirk will be on hand.

Apples and Fears.

I still have a lot of fine apples and pears for sale at lowest cash price. Call on me or drop a card to H. C. Beyers, Seymour, R. F. D. No. 1. d156E.O.D.wkly2t

There was a good crowd of farmers in town today and consequently the merchants enjoyed a good trade. There was an impression out that the Metropolitan Stock Company gave a matinee this afternoon. Many children went to the opera house and when they found the door closed learned their mistake.

The farmers never enjoyed a better fall to gather their corn and get things ready for winter. They would welcome a good rain, however, as the wheat is greatly in need of it.

OFF FOR LOUISVILLE.

Odd Fellows' Degree Staff and Others Go this Evening.

This evening at 5:40 the Degree Staff accompanied by many other Seymour Odd Fellows will go to Louisville where tonight they will exemplify the work in the first and second degrees in one of the leading lodges of the Kentucky metropolis. The invitation to do this work is quite an honor to the local order, and one which is richly deserved. It is said that no better work is done than is done by the Seymour I. O. O. F.

The members of the Degree Staff are Ed Bryan, Geo. Dahlenburg, L. C. Bacon, Geo. Schaffer, O. O. Swails, Norman Barkman, W. H. Seale, John Van DeValle, H. P. Miller, Dr. H. E. Harris, G. S. Clark, Ed Leetz, Otto DeArmond, B. F. Gillman, W. C. Bevin, Frank Brethauer, Henry Brethauer, Melvin Jerrell, Chas. McNeelley, Henry Lange, Robert Binder, Oscar Auferheide, Patrick Shields, Chas. Cooley, C. E. Able, G. A. Clark, Alvin Brown.

MARRIED.

ALBRECHT-FASSOLD.

The marriage of Miss Golde M. Fassold, daughter of Mrs. Helen Fassold, and Charles A. Albrecht, took place Thursday night at the home of the bride's mother, 2023 Broadway. Miss Gertrude Albrecht, a sister of the bridegroom, played the wedding music as the bridal party entered the parlor, and the Rev. George L. Mackintosh, of the Fourth Presbyterian church, performed the ceremony. All the appointments for the wedding were in green and white.

A buffet luncheon followed the ceremony. Mr. and Mrs. Albrecht have gone to St. Louis, after which they will go East for a short visit. When they return to this city they will be at home at the Cordego, after Decem-15.—Indianapolis News.

Mrs. Albrecht is the daughter of Mrs. Helen Fassold, formerly of Brownstown and has many friends in this county.

Speed Ordinance Violated.

After the examination of a number of witnesses Coroner Tutewiler rendered his verdict yesterday in the case of the death of Minerva Hawley, who was struck by an automobile several weeks ago at Illinois and Pratt streets.

The coroner's verdict was: "I find that Minerva Hawley came to her death November 19, at St. Vincent's hospital, as a result of injuries received by being struck by an automobile September 23, 1904, driven by Jos. Moore. The evidence shows that the automobile was going at, or about, the rate of twelve miles an hour, which is in violation of the city ordinance which governs the speed of automobiles."

Mrs. Hawley lived at Richmond and at the time she was injured was visiting friends on Pratt street. She had attempted to get on a street car and was walking toward the curb when she was struck.—Indianapolis Star.

Mrs. Hawley was a sister of Mr. J. H. Andrews of this city.

A Fine Performance.

The Stanley's Metropolitan Stock Company played to another large audience last night and added to their reputation by presenting the beautiful fantastical comedy, "Niobe," in an excellent manner. Every member of the company seemed to have parts especially fitted for them, and they played with a vim and dash seldom seen with popular priced shows. They will close their engagement tonight, producing the great melodrama "For Love and Honor." New specialties will be introduced between the acts by Hart and Gilbert, Miss Pearl Stanley in illustrated songs, and Billy Stanford in comedy and wooden shoe dancing. Prices, the same as usual, 10c, 20c and 30c, no higher. Get tickets at Peter's drug store.

Moral: "Don't Spank."

Mrs. William Wells is suffering from a poisoned hand at the home of her father, J. D. Hunter, on Franklin street, the injury being caused indirectly from spanking her little son.

Mrs. Wells started to give the little boy a good spanking and did not notice that he had a sharp pointed lead pencil in his hip pocket. The point of the lead was broken off and stuck in her right hand. The injury did not bother her until a short time ago, but now her hand is swollen to several times its natural size. It has been lanced three times and it is now thought that Mrs. Wells will soon recover.—Columbus Republican.

Liability of a City.

The Supreme court Wednesday rendered this decision: In extinguishing fires a city acts in its governmental capacity and is not liable for injuries thereby caused by its firemen, even though due to their negligence, but a city which operates a system of water works for supplying private consumers as well as extinguishing fires is liable in damages if it negligently permits the water pipes to become so badly out of repair as to burst under ordinary fire pressure and injure private property.

Democratic Plant.

Senator-elect L. Ert Slack, of Franklin, is quoted as saying that he has but one bill to introduce and that is for the establishment of a plant to manufacture democrats—Vincennes Sun.

This bill is to have the support of Carl Wood and the balance of the minority and will be made a democratic caucus measure. But it will not pass. Public sentiment will be against it.

Acquitted of Provoke.

John Krause, of Crothersville, who was on trial nearly all day Friday before Justice Blish and a jury was acquitted of the charge of provoke. It took the jury only a little while to reach an agreement. There was also a charge of intoxication and another of assault and battery against Krause. After he was found not guilty to the charge of provoke he pleaded guilty of intoxication and was fined the usual amount. The case charging assault and battery was dismissed.

Buys Property.

Wesley W. Casey has sold his residence property on West Third street to Fremont Gorbet, the owner of the second hand store, who will move there next week. Casey will move into the Hoover property next to the city building.

HAPPY AND HEALTHY.

A Beautiful Canadian Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently. I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since."

"I now have the greatest faith in Peruna." F. E. KENAH.

WOMEN should beware of contracting catarrh. The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

The following letter gives one young woman's experience with Peruna:

Miss Rose Gerbing is a popular society woman of Crown Point, Ind., and she writes the following:

"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I

bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I considered this money well spent.

"You have a firm friend in me, and I not only advise its use to my friends, but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Miss Rose Gerbing.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

The Effective Remedy

WASHINGTON, IOWA, April 4, 1908.

I was troubled for over a year with so scanty a flow that it was virtually suppression. A heavy cold superinduced this condition and nothing I could do seemed to help me. The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 12 bottles in all I was as healthy and regular as any woman could wish to be.

My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.

WINE OF CARDUI

Wine of Cardui cures nine out of every ten cases of the disorders of menstruation. These cures are permanent, whether the trouble is complicated or not.

Wine of Cardui cures the sickness of young girls, relieves the weakness of adults, banishes leucorrhoea, headaches, backaches and nervousness and eases the crisis attendant on the change of life.

Thousands of mothers besides Miss Root's sister have found grateful relief from the pains of childbirth and have had a quick and happy recovery from its use. You cannot afford to suffer when \$1.00 bottles are sold by all druggists.

TO DETER CRIME

State Municipal League Demands More Stringent Laws.

LEGISLATION FAVORED

That Will Render More Severe the Penalty For Certain Forms of All too Common Crime.

Vagrancy, Wife Desertion, Horse stealing and Highway Robbery Warmly Discussed.

South Bend, Ind., Nov. 19.—The Municipal League of Indiana before adjourning voted unanimously to adopt the report submitted by Mr. McWhoohey, chief of police of South Bend, favoring bills to be introduced at the next general assembly. The report favored workhouses for cities, amendments to the vagrancy laws, and asked that wife desertion and horse stealing be declared felonies. More stringent laws were requested in the hope of reducing burglary and highway robbery to a minimum, and McWhoohey's report asks that the two offenses be classified as second degree murder when highway robbery is committed at night, and when the burglary occurs in a building occupied by persons.

Another recommendation was adopted favoring a uniform system in rendering municipal accounts, as it is asserted under the present system there is no way of ascertaining whether it is honestly or properly done. Several new cities have been admitted to the league.

TRIED TO WRECK A TRAIN

Laborer Says He Placed Obstruction on Tracks for Revenge.

Salem, Ind., Nov. 19.—William Russell, aged about thirty-five years, living nine miles from Salem, near Pekin, has confessed that he attempted to wreck the early morning Chicago passenger train by packing a cross tie in the timbers of a bridge across Blue river. The train struck the cross tie and broke some timbers, but no serious damage was done. He gave as his motive that he wanted to get even with the section foreman, Heck Richards, under whom he had worked. Russell was employed as a section hand on the Monon, but was discharged last spring. He is now in the Salem jail awaiting a preliminary trial. He has a wife and three children.

The Deadly Corn Shredder.

Hammond, Ind., Nov. 19.—Philip Struwig, Jr., a prominent farmer, living between this city and Crownpoint, was the victim of the deadly corn shredder, and makes the fifteenth victim to have been maimed in this county during the last two years. Struwig saw a cornstalk twisted in the hopper, and just as he put his hand therein to straighten his attention was called away from the machine, and in a flash the cogs had drawn his hand and arm clear to the shoulder. Before the power could be shut off Struwig's hand and arm were ground to a pulp. Struwig is in a critical condition.

Jolietville—While working on the farm of his father, Albert Johnson, three miles from here, William Johnson caught his right arm in a corn shredder. The arm was ground off at the elbow. Dr. Fadema amputated the arm below the shoulder joint.

Money Still Missing.

Terre Haute, Ind., Nov. 19.—The police have been unable to get trace of the \$1,000 stolen from the office of the Seelyville Mining company, and for which theft John Carlin, a miner, was arrested. His boarding-house and adjacent premises have been thoroughly overhauled.

Second Trial Next Week.

Anderson, Ind., Nov. 19.—Andrew J. Baker, indicted for the murder of Fred Kizer at Elwood in September, 1903, was taken to Noblesville, where his second trial will be held next week. Baker has been in jail here ever since the tragedy. He is sixty years old.

Had Horse in His Possession.

Petersburg, Ind., Nov. 19.—Pinkney Grubb, a young man from the southern part of this county, was arrested for stealing a horse from a preacher at Mattoon, Ill. He was taken with the horse in his possession and went to Illinois without requisition.

Friction Causes Costly Fire.

South Bend, Ind., Nov. 19.—Fire started by some hard substance catching in the teeth of machinery in the South Bend woolen mills and the property was damaged to the extent of \$7,000 before the flames were extinguished.

Hammond, Ind., Nov. 19.—The first hunting fatality of the present season in this locality occurred near Crownpoint when Charles Guske, a wealthy farmer, was accidentally shot in the shoulder and the neck by Fred Blesede.

Brazil, Ind., November 19.—Michael Burk, aged thirty-three years, committed suicide by cutting his throat. He was married and family troubles are said to have caused him to kill himself.

Rates Unchanged.

The impression that lower rates would prevail to St. Louis before the close of the Exposition has been entirely dispelled by receipt of information by local agents that no further reduction would be made.

COAL GAS LETS GO

Fourteen Miners Killed by Explosion Near Fernie, B. C.

Fernie, B. C., Nov. 19.—Fourteen miners were killed at the Carbonado mines near Morrissey yesterday afternoon as a result of a terrific explosion of coal gas. The disaster occurred in No. 1 mine, ten miles west of Fernie. Work of rescue was kept up until all bodies had been recovered.

THE STATE OF TRADE

Bradstreet's Report Contains Much of Encouragement.

New York, Nov. 19.—Bradstreet's weekly review of trade today says: Reports from the great basic industries are more favorable and wholesale and jobbing trade in holiday and spring goods displays a more confident tone. Interior buyers appear more willing to stock up and are meeting with fair success. Despite the fact that unseasonable weather, activity in fall farm work and some holding back by farmers retards retail trade and collections in the West and Northwest. Cold weather at the East and seasonable conditions at the South induce better reports as to final distribution from those sections. Trade generally is showing gains over corresponding periods a year ago and the aggregate year's business in most lines will make better comparisons than at one time seemed possible. Money displays remarkable ease, crop moving necessities are about satisfied, and a return flow from the country is apparently in sight. Gross railway earnings show a tendency to increase late gains and to swell earnings for the year to totals above those of 1903.

Bulgarian Atrocity.

Salonica, Nov. 19.—During the night of Nov. 17, at the village of Zabandya, near Ghevgell, a Bulgarian band murdered a priest named Stoyan, together with his two brothers. The murderers then set fire to the house, burning to death Stoyan's wife and child.

FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by C. W. Milhous.

Loretto Academy Burned.

Cairo, Ill., Nov. 19.—Fire started last night in the second story of the Loretto academy, located in this city, and all the academy buildings with their contents were totally destroyed, causing a loss of \$20,000. The academy was one of the oldest educational institutions in this section, having been established by the Loretto sisters during the war, and conducted by them until last year, when it passed under the control of the Benedictine sisters.

The Best Liniment.

"Chamberlain's Pain Balm is considered the best liniment on the market," write Post & Bliss, of Georgia, Va. No other liniment will heal a cut or bruise so promptly. No other affords such quick relief from rheumatic pains. No other is so valuable for deep seated pains like lame back and pains in the chest. Give this liniment a trial and you will never wish to be without it. Sold by C. W. Milhous.

SPEAKERSHIP TALK

Thus Far Sidney Cantwell Seems to Have a Strong Lead.

Indianapolis, Nov. 19.—It is too early to talk of "band-wagon" candidates for speaker, but Sidney Cantwell of Hartford City comes near being that, as he now has almost a clear field. In fact, he is the only avowed candidate and under the circumstances it would not be surprising if he should win out hands down. The conference of the members from his district did not entirely clarify the atmosphere, as Warren G. Sayre of Wabash admitted that many people have been urging him to run. Sayre, however, did not declare that he would be a candidate. He has promised to give Cantwell a definite answer within a week. Just now it is not the impression that Sayre will run. It was stated here today that E. A. Dausman of Goshen has given up the idea of being a candidate. Elie Stansbury of Williamsport would like to make the race, but it is said that he is so afraid to take the plunge that he may not enter. Cantwell, in the meantime, is making hay, and he promises to have such a good start that it will be difficult to overtake him.

The legislature will convene on Thursday, Jan. 4. According to the state constitution the session must begin the first Thursday after the first Monday in January. The month begins on Monday this time. The constitutional provision is that the session must continue sixty consecutive days, so there will be time for the election of a successor to Senator Fairbanks, even if he serves till his inauguration, March 4. It is not likely, however, that he will serve that long, as the party leaders are anxious to end the contest as soon as possible so as to get it out of the way of important legislation that is to be considered. While the senator has not stated when he will resign, it is now believed that he will give up the position a short time after the inauguration of J. Frank Hanly as governor. The legislature can then elect someone to fill out his unexpired term. If he should not resign before his inauguration there might be a deadlock in the contest over a seat that could not be settled before the time for adjournment of the legislature, in which case Governor Hanly would be called on to appoint someone as senator to serve till the next session. However, it is believed that the fight will be ended shortly after the session begins.

It is likely that another effort will be made at the coming session of the general assembly to solve the problem of the care of the epileptics. For ten years an effort was made by Columbus and two or three other places to secure an appropriation for an epileptic village. In 1901 the Columbus lobby would have succeeded in passing the bill if it had not been that the Republican leaders were seized with a desire to economize in the government of the state. Two years ago the effort to get through a similar bill was not so strong, although the board of state charities favored it. A commission headed by Senators Newburg and Purviance, Representatives Stansbury and Samuel Warner, an ex-representative, was appointed to investigate the situation and report to the coming session. These men are about to begin an extensive tour of investigation. There are over 1,000 epileptics in the state that are uncared for. Many are confined in county jails and infirmaries, and reformers are very desirous that the state shall make some adequate provision for them, but it is a big problem and it would not be surprising if it should be laid over for two more years.

Dover Receives Congratulations.

Washington, Nov. 19.—Elmer C. Dover, secretary of the Republican national committee, paid his respects to the president yesterday. Mr. Roosevelt congratulated Mr. Dover on the excellent work accomplished by the committee in the campaign and thanked him cordially for the part he had taken in it. National committee headquarters will be opened in a day or two in the Arlington hotel here. In the absence of National Chairman Cortelyou, Secretary Dover will have charge of the headquarters. Permanent headquarters will be kept open here, but the force employed will not be so large after the inauguration. It is understood that Chairman Cortelyou will not spend a great deal of time in Washington during the approaching winter.

Renews His Lease.

Washington, Nov. 19.—Senator Fairbanks has renewed the lease on the home at 1800 Massachusetts avenue where he has lived the last six years while in Washington, and will occupy the place during the four years he is to serve as vice president. It is the custom of the vice president to live at the seat of government the year around, and it is understood that the senator will follow this practice.

Sues for Back Fees.

Evansville, Ind., Nov. 19.—Martin Koepke, former sheriff of Vanderburg county, has entered suit in the Vanderburg circuit court against the county commissioners for \$2,177.45, alleged to be due him as fees and expenses for taking prisoners to the penitentiary while he was sheriff.

Arthur Caton Dead.

Chicago, Nov. 19.—A despatch received from New York announces the sudden death in that city from peritonitis of Arthur Caton, a well-known lawyer of this city.
